

The increased ease of taking and modifying images and the proliferation of sophisticated and accessible photographic technology has raised concerns in today's society about the potential risks for child safety posed directly and indirectly to children and young people through the inappropriate use of photographs on sports websites, social media and in publications.

Elwood City Soccer Club is mindful of its duty of care to its members, with the best intentions of protecting children and young people from potential risk. In keeping with a number of leading sports organisations both locally and worldwide, the Club has implemented a Photography and Video Policy which is applicable to all Club events.

As a Football Victoria registered club we have adopted the Football Victoria Photography and Video policy as the Club's policy.
